

We create chemistry

Pre-Seminar

Organized by BASF SE
(Prelude to UNITI Mineral Oil Technology Congress 2022)

New Perspectives for a Sustainable Future - Current and Future Trends for the Automotive Industry

August 29, 2022, Maritim Hotel Stuttgart

The event will be held in English. 

BASF's pre-seminar will address a broad range of topics aimed at supporting our customers in delivering leading sustainable solutions for the automotive industry.

More information and a detailed agenda of this pre-seminar will be published at a later stage.
